

Carnation Grocery and Market

516 South Main Street

Phone Osage 7204—Successors to Johnson Bros. Grocery—Phone Osage 7204

First we want the public to know how our store will be conducted—Cash and Carry System with prices that are right and that will justify you in paying cash, there is only one way to buy your groceries and that is to go in person and see what you are getting and what the prices are, and how much you are getting for your money.

Bottled Milk

Fresh Bottled Milk every morning from Linihan's Dairy Farm. Look for the cream line on the bottle.

Our Policy

We intend at all times to buy the BEST, for the BEST is none too good. We pay cash for our goods and sell for cash. We know the cash system is a money saver to our customers. At the same time we can operate our business at less expense and give our customers the advantage of paying cash. The cash and carry system has been endorsed by our government for the last five years. We want you to know that our cash prices must be right or we do not ask your patronage.
